Highlights

Thermal jug

The unbreakable stainless steel thermal jug of this Philips coffee machine maintains perfect temperature and aroma for hours.

Water level indication

The coffee machine's water level indication allows for easy filling of the water tank.

1.000 Watt

The pump of your Philips coffee machine will prepare your coffee quickly.

Drip stop

Drip stop to interrupt coffee brewing whenever you want to pour a cup of coffee

Direct auto shut-off

After brewing your filter coffee, the Philips coffeemaker switches off automatically. The thermal jug will ensure that the coffee stays warm for a long time.

Detachable filter holder

The filter holder of the coffee machine is detachable, which makes it easy to fill in coffee or clean.

Cord storage

Storing the cable under the coffeemaker will avoid cable clutter for a clean kitchen work top.

LED power switch

Light indicates that the Philips coffee machine is switched on.

1,2l for 10 - 15 cups

The jug of this coffeemaker will fit 1,2l coffee, enough for 10 to 15 cups - depending on your cup size.
